# why we fundraise

Our first meat fundraiser took place in 2017 and since then, we've helped raise thousands of dollars for local schools, clubs and sports teams. It all comes down to a few things that truly matter to us: **community, local food** and **family**.

## OUR COMMUNITY

VG Meats is a fourth generation family business with strong ties to our community. We're more than happy to help organizations across southern Ontario raise money for education, team sports and other worthwhile initiatives.

## LOCAL FOOD

VG Meats supports all local food producers and is dedicated to putting our delicious Ontario beef on the map. We're proud to sell high quality beef, chicken and pork products raised in Norfolk County.

## family first

Years ago, the four VG brothers were kids who played sports, attended public school and took part in a variety of extracurriculars. Today, we're the parents of school-aged children. We know why fundraising matters and how much it helps families access and enjoy these programs.
